Start New Game

Once User is matched with an opponent, the game will start and player 1 will be given access to their hand.

Actions 1 Buys 1 Extra Gold 0

Depending on what card is played, the counters will adjust and player will continue in current phase or transition to next phase.

Play Card End Action End Turn

The player can swipe through each card in their hand and choose which cards they want to play. Player one will also have the option to end the phase or end their turn all together.

Actions Buys Extra Gold

Once the player completes the action phase they will move into the buy phase. Depending on the player's amount of buys and amount of gold they will choose which cards to buy. Player may choose to end turn without buying. Otherwise, turn will end when buys/gold are exhausted.

BUY END TURN

Once the player's turn ends a Turn Summary will be passed to the opponent and the opponent can begin their turn.
